

ABOUT ME

Front-End Developer with a proven ability to collaborate effectively with senior developers while spending extra time to be mentored. Enjoy working closely with team members to ensure workloads are effectively redirected to bottlenecks and personally picking up the slack when necessary. With a passion for both personal growth and for software development. Throughout my experience as a software developer I've focused on developing scalable and well documented code. Ready to apply my passion for coding to a talented engineering team to develop quality solutions

Syahril Hanla

Front-End Developer

EXPERIENCES

QA Engineer

2020

Birran | Remote

- Implemented rigorous testing and optimization to improve conversion rate by 14%
- Performed full manual testing to create a suite end-to-end Flutter app
- Wrote full reports on all tests. This makes it bug free
- Learned and applied Agile methodologies and principles

Front-End Developer Intern

July - Nov 2020

Software Borneo Foundation | Banjarbaru

- Built MOOC platform prototype for government's project
- Created UI components for both end users (instructor and student)
- Made one of the available courses on the platform (JavaScript for Beginners)
- Worked cooperatively with senior full-stack developers during the process of development

Project

I/A Statistics | ia-statistics.vercel.app

2021 - 2022

Creator | Developer

- Built a full-stack Progress Tracking Interactive Learning Media web app for university's research
- Used Next.js to build complex and solid web app
- Built progress tracking, user authentication and authorization, also other costum features to be implemented in the app
- Used DRY and clean-code principle to utilize development progress

EDUCATION

Bachelors of Computer Science

2017 - 2022

Banjarmasin, South Borneo

Lambung Mangkurat University

- 3.47 GPA
- Have certified copyright (Hak atas Kekayaan Intelektual) of I/A Statistics
- Being a software developer for University's research
